Where’s my Newsletter? – asks members from time to time. While every effort is made to keep our mailings lists current, there are times when a glitch does occur and someone does not receive their copy. There are several things that you can do to help ensure timely delivery and avoid delayed or missed issues.

- If you are receiving the KHS Newsletter by postal mail, please keep in mind that these issues are mailed in January, April, July and October of each year. Therefore, it is important that we have **your correct postal mailing address** on file.
- If you receive an electronic copy by email please make sure that we have **your complete current email address**. Make sure that the spelling is correct. If you still are not receiving it then you might want to check your computers spam or junk folder. Check both your computers firewall and email settings and make sure they allow you to receive email communications with attachments. Questions, comments may be sent to John F. Crowley at kxn896@outlook.com.
- Back issues are available in most cases.
